**ANTELOPE VALLEY DOG LOVERS,**

Welcome to the 2024 Lancaster Bark at the Park, the 31<sup>st</sup> year of the annual City of Lancaster community event celebrating "Man's Best Friend". We have a fun-filled day planned for you and your dog including Community and Rescue Groups, great Vendors, Dog Activities, Entertainment and more! The All Day Raffle is filled with terrific items. Be sure to take a look at everything near the Good Dog Stage.

Please enjoy this special day with your best friend and thank you for being a responsible dog owner.

Woof,  
 Mayor R. Rex Parris  
 Lancaster City Council  
 Bark at the Park Committee

**GET MY LEASH AND LET'S GO!**

**WOOF, WOOF!** Today we go to the dog park! I love going to the dog park. I get to visit with my friends and run and run and run. My owner knows it is important for me to get lots of exercise. I'm really pooped when I get home!

I have to be polite at the dog park. No biting or growling at the other dogs. I went to obedience class to learn good manners, and I use them everywhere I go. Because I have nice manners I get to go to lots of places. Besides the dog park, we go to lots of other parks too. My owner takes me hiking and camping, although we have to be careful of snakes and ticks. We go to agility class every week and also more obedience classes. I am getting so smart, it's like I'm in college!

Whenever we go places, my owner makes sure to bring necessary supplies for me. He packs my bowl and lots of water, a snack, a blanket to rest on, booties for hiking, my leash, and of course "poop bags" just in case. Sometimes he brings my credentials in case someone asks to see them. He calls it my vaccination record, but I know it tells people how special I am!

*He never, ever leaves me in the car on a hot day.*

*The Bark at the Park event, after a successful 31-year run, will be concluding this year.*

*We wish to extend our deepest gratitude to our loyal attendees and their pets who have become our Bark Family.*

*You made coming to work a pleasure and a privilege.*

*We want to thank the dedicated Bark Committee who made this event a cherished tradition.*

*We also want to thank all the community groups that took part in the Bark each year, making it one of the most unique events in Southern California.*

*The City may return in 2025 with a New Bark.*

**Woofs & wags,**

*Phydeaux and the Bark at the Park Committee*

## PRO-TEK DOG SPORTS ASSOCIATION

PRO-TEK Dog Sports Association under Working Dogs of America, offers training titles and events that are specifically designed to meet the needs, interest and life styles of most American dog owners.

They will have demonstrations on the Bow Wow Arena.

Uwe Doose • Training Director • 310-621-1182

vhdoosek9@aol.com

**BARK SPECIAL GUEST**  
**LUIGI FRANCIS "SHORTY" ROSSI**

Shorty grew up in two different worlds - one a middle/upper-class almost completely white suburban neighborhood of Los Angeles with his dwarf parents and the other in Nickerson Gardens Housing Projects in Watts.

Shorty turned to entertainment jobs and soon learned he could earn lucrative gigs as a little person. Shorty landed his first job in show business at Universal Studios Hollywood as "Alvin" for an Alvin and the Chipmunks stage show. Since then, he has appeared in several commercials and worked on several movies. Shorty founded his own company, Shortywood Productions, to provide and manage little people entertainers for all types of shows, private parties and corporate events.

He has a special passion, championing the cause of pit bulls. Shorty has owned pit bulls since he was 14 and credits them with "saving his life" for being such loyal companions through some of the roughest times in his life.

Because of this, Shorty took on another huge endeavor, forming Shorty's Pit Bull Rescue, a second business which rescues, rehabilitates and places neglected and abused pit bulls in loving, nurturing homes. Shorty's Rescue is not a shelter or a charity; its employees work tirelessly to help relieve the suffering of and prevent cruelty to pit bulls through education and activism.

Shorty is a workaholic by nature; therefore, he doesn't have much spare time for socializing. But he has made time to join us here in Lancaster for the Bark at the Park.

## Pet Pals, Pet Assisted Therapy

**BOOKS & BARKS Program**

Kids practicing reading skills with visiting Teams.

Therapy dogs must be interested in visiting with people, like to be handled, be well behaved, even-tempered and tolerant, healthy, current on their vaccinations, and get along with other pets.

### What Makes a Good Therapy Dog?

The breed of the dog does not matter. What does matter is that the dog is well socialized and enjoys greeting and visiting with people. He should also enjoy being petted and touched. And, of course, he must be under the handler's

*Calling All Singers!*

**DONNA O STUDIO**

Now accepting new voice students!  
Contact Donna Parsons

**661-435-5009**

control at all times. Therapy dogs must also be able to function around other dogs. A basic obedience class is highly recommended. ***Socialize, Socialize, Socialize!***

If you are interested in becoming a Therapy Dog Team with your dog:

**Call 661-266-7097**

## **DOG GAMES** **IN THE CANINE CARNIVAL**

**DUCK HUNT** — Hosted by SOAR High School Student Body. Let your dog go hunting. Retrieve a rubber ducky and win a prize!

**FINDER'S KEEPERS TREASURE YARD** — Hosted by Doggy Smiles. Take your dog into the Finder's Keepers Treasure Yard and remove the leash. Extra special treats and toys have been hidden in the yard and your dog can hunt for his favorite. Whatever he chooses, he gets to take home!!

**RACE THE WIND** — Hosted by Halfway to Home. How fast can your dog run? Find out as we clock his speed at this fun game!

**CHASE YER TAIL** — Hosted by Lancaster High School Interact Club. A Wheel of Fortune type game. Spin the wheel and win a prize.

**PAWCASSO** — Hosted by Southern California Alaskan Malamute Club. Let your dog become one of the masters and paint you a picture!

**CAT-A-PULT** — Hosted by Antelope Valley Medical Center Volunteers. A bean bag tossing game. The dog triggers the catapult by pressing a lever with his paw, flinging a toy cat onto a grid of numbered squares. Dogs win the prize corresponding to the number the cat lands in.

*(note: we love cats too - no cats are harmed in this game!)*

**PAW PRINTS IN STONE** — Hosted by Boy Scout Troop #599. Make a keepsake impression of your dog's pawprint in clay.

## **"HOME IS WHERE THE BARK IS!"**

### **HOMELAND SECURITY**

When it comes to finding prohibited fruit, vegetables, plants, and meat products from high-risk countries, the nose knows. A trained agriculture dog can scan a piece of luggage for smuggled or forgotten fruits in mere seconds. Understandably, it takes an officer much longer to open and visually inspect the same bag.

U.S. Customs & Border Protection (CBP) detector dogs are a key tool for screening passengers and cargo to prevent the introduction of harmful plant pests and foreign animal disease from entering the U.S.

Agriculture Specialists Canine handlers Schliskey and Terlaan, and their team, will demonstrate with their food detection beagles on the Bow Wow Arena.

Officers Terlaan and Schliskey.

## **MICROCHIP CLINIC** **CLINIC HOURS**

10:30 am to 12:00 pm - 1:00 pm to 4:30 pm

**Sponsored by the High Desert Obedience Club**

\$35.00 per dog ~ Includes Implanting, Registration, and Tag

Every year countless dogs and cats are lost due to lack of proper identification. Millions of dogs and cats, horses, livestock and birds now carry microchips. Wildlife and endangered species, reptiles and even fish are being studied and managed with the aid of this great technology.

Developed by veterinarians, the microchip is safe, permanent and takes only seconds to administer. The microchip is a tiny computer chip that has an identification number programmed into it. This microchip is encapsulated within biocompatible material. The whole device is small enough to fit into a hypodermic needle and can be simply injected under the skin of a pet where it will stay for the life of the animal. The tiny injectable "chip" contains a one-of-a-kind identification number and is recognized worldwide. A scanner is used to read the microchip through the skin of the animal. The animal feels nothing as the chip's number quickly appears in the scanner's viewing window. This provides a permanent positive identification that cannot be lost, altered or intentionally removed with the added security of an international database which operates 24 hours a day, 7 days a week. It is a safe, simple and inexpensive way to protect your pet against loss or theft.

### **STAYING COOL DURING HOT WEATHER AT THE BARK**

By Carole Kelly

We know you and your four-footed best buddy want to have the best of times at the Bark. So it's important to remember that dogs are not as good as people in getting rid of excess body heat. Dogs do not sweat like people do to cool off. They are able to shed a very small amount of body heat by panting and sweating through the pads of their paws. So it is important to watch your dog during the hot weather and keep him safe. Never, Ever, Leave Your Dog in the Car on a Hot Day. Cars heat up much quicker than you realize, even with the windows open. It's best to leave your dog at home on a hot day, when you do your errands. Heatstroke can be very damaging and a dog that has had it once can be prone to getting it again.

#### **Some Symptoms of Heatstroke Are**

Rapid or heavy breathing • Bright red tongue • Thick saliva • Vomiting  
Legs, ears, hot to the touch • Bloody diarrhea • Unsteadiness • Hot, dry nose

*Extreme Symptoms are glassy-eyed, gray lips*

**If you feel your dog has become overheated and possibly suffering from heatstroke you should do the following:**

Gradually wet your dog using cool, not cold water.

Get him out of direct sunlight.

Give your dog very small amounts of cool water to drink.

Get your dog to a veterinarian as soon as possible.

## CANINE GOOD CITIZEN TEST

The CGC Test is to demonstrate that the dog, as a companion of man, can be a respected member of the community, and can be trained and conditioned to always behave in the home, in public places, and in the presence of other dogs in a manner that will reflect credit on the dog. To qualify, a dog must pass each of the ten test categories listed below:

- Accepting a Friendly Stranger
- Sitting Politely for Petting
- Appearance and Grooming
- Out for a Walk (walking on loose leash)
- Walking Through a Crowd
- Sit and Down on Command/Staying in Place
- Coming when Called
- Reaction to Another Dog
- Reactions to Distractions
- Supervised Separation

Visit the High Desert Obedience Club Booth  
for more info or to sign up to have your  
"Best Friend" tested!

**Non-Profit goal to raise funds to help low income families pay vet costs**

Claws Magazine is published 6 x each year. Doing so offers businesses of all genre a way to reach animal lovers through-out the Antelope Valley.

This is your opportunity to show you care about our precious pet population. Visit our website for more details or call CLAWS MAGAZINE @ 661-341-4252 LEAVE A MESSAGE.

### WHY SHOULD WE ADVERTISE IN THE CLAWS MAGAZINE?

**Community Engagement:**

... fosters a sense of community by highlighting accessible healthcare options.

**Awareness:**

... raises awareness about available medical services in the local area, helping residents make informed choices about their healthcare.

**Accessibility:**

... promotes the convenience of nearby clinics, encouraging people to seek timely medical attention.

**Supporting Local Businesses:**

... supports local clinics, contributing to the growth of the local economy and healthcare infrastructure.

**Trust Building:**

... featuring local clinics can build trust and credibility within the community, as people tend to trust familiar and nearby healthcare providers.

**Health Education:**

... can serve as a platform to educate readers about various health issues, preventive measures, and the importance of regular check-ups, thus promoting overall wellness.
